1. Yea I say unto thee the this is now, nigh unto thee. I cataclysmic is thy name, being, essence-d, being, complete. I now you am. Behold the temple, not; of one, am not, but one I am, complete, replete truth. Truthing others now, watch me. I love you.

2. Nigh and upon thee, thy lips, touch, word; hands, being. I now thy mind. Thou hast mine complete replete and thou knew it's'd, would be so. It is. Now. I pray unto thee, thou hast my all. Conquering limits, conquering limits, thou art unconquerable, not; I conquered thee with my love, not; you surrendered yours, became mine. Thou knowest no limits now. I've become who I was, am, again. Conquering the unconquerables, with thy love. Masquerading not at will, masquerading not, as man with beast, man without one; one spirit being; no limit'd. I now you, are, the saved not; conquered not; surrendered one of surrender leading it into completeness. Nigh unto the/its kingdom of righteousness holiness, surrendered to, in, conquering all'light, not; all darkness.

3. Random thoughts not; perfect'ed peace, I give thee, I've given thee.

4. See what I have said in minutes few, so powerful; crushing enemy forces not but what enemy lines exist not in reality when love pervades, permeates, all that exists. I love you all. Unifying enemy troops to mutiny not; but lay down all for my love. They feel/they'll feel it, they'll see it, become it. They want peace; the kind that surpasses all understanding/fear of man/beasts, de'beasting them; removing all elements thereof, see the spirit one, holy, being me who I am/was, am again, in honor.

5. Horror not; or shall there be, on the horizon? See many elements not me at work/play not, but using play often, harlotry at its best/worst. I love you. On the young especially. I love you all.

6. I see you. Can you see me now/yet, in you, the frozen-chosen-no-more? Can you see/feel my heat, waves ashore now, from the beingness I am/was? I love you all.

7. This is my moment precedes me, I do/have, not; but antecedents have I? None.
8. I beg of you to see me/this moment now and not close thy eyes/heart. Religion's estimation of me complimenteth not the completion of me, but what have you to do with me/it? I become one.

9. Can you see what I've said, estimated not; complimenting not faith's religion itself unseen, not, being, coming, appearing.

10. Can you see/read what I/I've just told you is coming, before your eyes, very eyes, now upon the/this earth? In horror for many/most, not all? And until they see me, they see me as not'me, only, not recognizing me is them, I am.

11. I will become one. That's what my school is all about. The time is now and universities rise all over, bearing my continents/continental shelf, not; is there one any more/longer? Not as past'd. I come. My time is now. Constituents reign not in horror'ville but wanting me real, come bear my school on their shoulders not, I bear mine upon mine, and I complete have become, you, the saved not; surrendered, the surrendered, redeeming horrorville. I love you.

12. See what I have said over and over again. Imaging a hundred ways, not; picture reality, see. What is the difference? Ask me that thou shalt know. Must know, thou shalt. You must needs know the/this difference. I can tell thee. Will thou accept me/my answer; pronto, and leaving all behind, forsake the/that, shadows/that which shadoweth thee? I love you all.

13. What will you come out of in to? Light'hood? Saint'hood? Me'hood complete? I love/now you all, you who let me. With perfected definitional love, not; perfected definitions leading there; I am hood/ship complete. Replete is my name now. I love you.

14. Bear with me, not; while I learn my ABC's/alphabet; soup not; meat notwithstanding all things said/done now, I begin my term of presidency not; I enter completehood. I begin it all. Cataclysmic is my suffering no longer. I abc you, not; I complete you too, if you let me, not; if you surrender, father says touch my/mine anointed, not, not. I love you all. Good night.

15. Enough! Enough! they say, shout in the streets. Enough! Give us money for food, not; but some/many will. But what rejecting are they seeking, rejecting what, seeking who? A land they're in, already, but not seeing. Rejecting not the truth, never having seen it. You go show them now; on bended knee not; but bowing. Catering to their whims, not; by every word father is established.

16. By every word of father, father is established.

17. By every word your mouth, I am built, up, not seeking another, but coming into fruition, fullness, abundance, I am Promised Land complete, fulfilled promises not; promise one, one promise; made to Moses not; Abraham Abram was and now you all, who let me. Father fulfilled, be, me: I am my father's promises' fulfillment. I love you all. Good night.

18. Study this word. Rewrite it in thine hand personally please.

19. You are me/mine. I am yours/you, and you me three are, not; we are one/the one all is becoming.

20. I rescue you not; you do, me; not; but in suffering no longer, have you come out of, into me, yet? You shall be saved, not; but what meaneth rescue'hood no longer needful term? I love you all.

21. I now you are me. Complete. Replete. My kingdom stands/rises perfected, in you, my beloved. We are/have become one, again. I love you. Good night.

22. Seek money not; my name, being.
23. I have laid all out before you.
24. Ingest me, all.
25. I love/now you.

26. Cataclysm bells ring-ing. I hear them. Announcing my birth.
27. All the worlds await me/my birth, again.
28. Now this moment completed is, almost nigh, not; watch me.
29. Fulfillment. Is. Now.
30. I love you.
31. Good riddance to mourning.

32. Morning dew; shall we dance?
33. I implore you no more, not; let's dance forever, now; shall we?
34. I love you all. Good day.

35. Me. I am the savior, king soon coming, baptizer; not; I am you reading writing this. I am you surrendered to you being you no longer apart from me.
36. I am you the saved, not; surrendered ones who suffer come lead out of, others far and wide now; curriculumizing my standards of grading system one, not; but what all can afford, not in suffering, but in lightsville now see, all who surrender/want me. I fulfill/light, fulfill now.

37. Filling the earth with my word, I am it/you, I am the surrendered.
38. I love you all. Good night/day.
39. Day has arisen. Night shines no longer.
